

MISS JETT'S CLASSROOM

WELCOME!

MISS JETT

Hello! I am Jett Crosley, your preschool teacher for the 2020-2021 school year! I graduated from SIUE with my bachelors of science in early childhood education. I am passionate about teaching and I strive to instill a love learning in all my students. Aside from teaching, some activities I enjoy in my free time are reading, drawing, and walking around my neighborhood.

I am looking forward to getting to know you and your family!

MRS. MARISA

Hello! I am Marisa Albers, your Preschool Teacher Aide. I have about 3 years of classroom experience and am looking forward to making your first year of school exciting and fun. I have been married for 20 years and have 1 son that will be going into 8th grade this year.

When I am not helping out in our classroom, some things I love to do is reading anything I can and take long walks with our family dog.

GOOGLE CLASSROOM

THIS IS A WORK IN PROGRESS.

PARENTS WILL BE ASKED TO CREATE A GOOGLE EMAIL TO JOIN OUR CLASS. ONCE YOU HAVE CREATED YOUR EMAIL YOU WILL TYPE IN THE CODE TO JOIN.

OUR CLASSROOM CODE IS: `js66k5g`

YOU WILL THEN BE ADDED TO MISS JETT'S PRE-K CLASS. I WILL BE POSTING, ACTIVITIES, YOUTUBE VIDEOS, ETC ON HERE EVERY WEEKDAY. 😊

GOOGLE MEETS

PLEASE DOWNLOAD THE GOOGLE MEETS TO YOUR PHONE/TABLET OR COMPUTER. I WILL SEND LINKS OUT TO OUR GOOGLE MEET CHATS EACH DAY THAT WE MEET. YOU WILL THEN CLICK THE LINK TO JOIN AT THE TIME PROVIDED.

THE VIRTUAL
CLASSROOM TOUR

CUBBIES

When you first walk into the classroom you will see a wall of cubbies. This is a place for your child to keep their personal belongings.

SMART BOARD

On the back wall of the classroom we have a smart board and a white board. In this space we do daily activities as a whole class.

CLASSROOM SINK

Located in the classroom, we have a child sized sink for students to wash their hands throughout the day.

BATHROOM

In addition to the classroom sink, we have another sink located in our classroom bathroom. There is also a child sized toilet. There are visual directions for handwashing hung near every sink.

WRITING CENTER

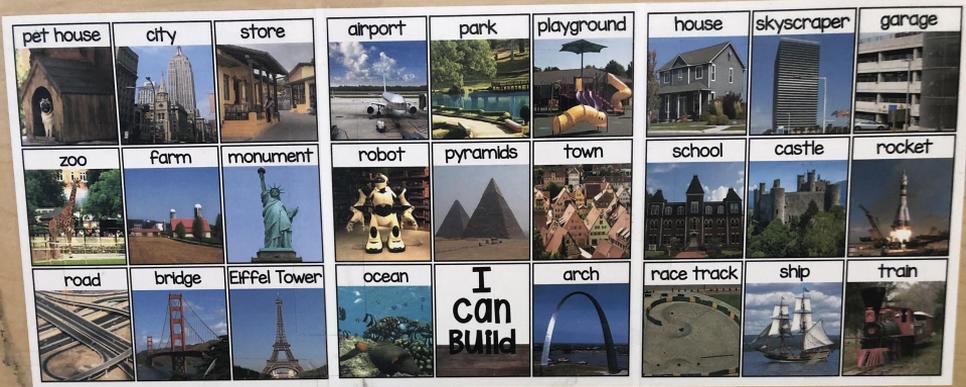

The writing center is an area in the room where students can develop skills that will help them learn to write. Students have a variety of different writing material available to play and practice with. Some materials your child may find here are markers, crayons, pencils, stickers, stencils, and more.

BLOCK CENTER

The block center is an area of the room that allows children to think creatively. In this area students can build structures. There are images of real life structures hung in the block center to provide inspiration for the young learner.

MANIPULATIVES CENTER

The manipulatives center is an area of the room where students can sit at a table and play independently with a toy. The toys provided in this center challenge the individual child to think more deeply about how they are playing or what they are doing. Some table top toys in this center include magnet tiles, various connector toys, and pattern making toys.

ART CENTER

With a wide variety of craft supplies and various art materials, students can let their imagination grow and their inner artist shine at the art center. Some of the art materials kept at this center include; crayons, markers, feathers, glue, pipe cleaners, foam stickers, and more.

SCIENCE CENTER

The science center is an area of the room where science and math materials are available for students to play with and explore. This area allows children to think deeper about the world around them. Some of the materials your child may find here include magnets, measuring tools, magnify glass, and items found in nature.

DRAMATIC PLAY CENTER

The dramatic play center is a large area in the room that helps to support the students imagination. There is a child sized play kitchen and a variety of toys for make-believe play. In this area children can play together and work on _____ building strong social skills.

LET'S MAKE IT A GREAT YEAR TOGETHER!
