The 8th grade boys' basketball team played in the Grant Shootout on Saturday. The Bombers faced off against a tough Carriel team. The Bombers had a slight lead at the half 22-20. With more patience in the second half we were able to run our offense and pull away. Jordan P. took control of the third quarter scoring 15 points with three 3's, he scored 29 points overall. Tygie M. scored 6 points and played great defense. Christian D. had another terrific game scoring 8 points and holding Carriel's leading scorer to 10 points. Alex J. chipped in with the scoring, adding 4 points. Jordan L. hit a couple of big 3's to add 6 points to our total. DeAndre G. added a bucket and played outstanding defense. Our next game is Tuesday vs West Jr High at home. Practice today right after school.

The Earth-to-Sky Balloonatics launch was a success! Thanks to everyone who came out and supported our SAFB STEM Club. The balloon traveled to a height of 118,891 feet above the Earth. That is equivalent to almost 22.5 miles above the Earth. Does anyone know how many feet are in a mile? The balloon also reached a temperature of -67 degree Fahrenheit. That's right NEGATIVE 67 degrees Fahrenheit. Does anyone know what temperature that is in Celsius? After the balloon burst, it came back to Earth with the help of a parachute and landed on a farm near Mount Carmel, Illinois next to the Illinois/Indiana border. It was 138 miles away. The balloon flew for a total of 2 hours and 15 minutes, and that is about how long it took us to drive that distance. Does anyone know how fast we had to be traveling to get there in 2 hours and 30 minutes? With all of these numbers... we can do a lot of mathematics! The next time our Balloonatics meet that is exactly what they'll be doing!

The Belle Valley Bomb-Bots competed in the First Lego League Illinois Qualifying Tournament this past Saturday. Although they did not qualify for the Illinois State Tournament, they were awarded the Core Value Award. Out of the 26 teams that competed, only 14 teams received awards. Out of all 26 teams, the Bomb-Bots were 1 of 2 teams to be awarded the Core Value Award. The Core Value Award was given to a team that displayed teamwork, cooperation, good sportsmanship, gracious professionalism, and never gave up! Out of all of the awards that the Bomb-Bots could have won, the Core Value Award made Coach Strausbaugh the proudest person in the gym. Posters fade, batteries lose their power, robots malfunction and break,

trophies collect dust and get locked in a case, but the core values listed above will go with you everywhere, and last a lifetime! Congratulations Bomb-Bots!!!

This afternoon the 5th and 6th grade Lady Bombers will travel to Signal Hill for games at 4p and 5p. Players should get dressed immediately after school and report to their coaches room for a 3p bus.

Siteman, our annual charity
Fighting for a life changing cause
And if you ever saw them
You'd understand why we give

We do it for those who are suffering
And for those that don't yet know
It's up to us to make a difference
No matter how much money goes

Then, the Penny Wars started
And Siteman came to say
Students with your help, that's right
Thank you for your gift towards life

That is why Siteman needs us
To help all of those in need
And if you ever heard it
Ring the bell, be cancer free

Mrs. Eells needs the cheerleaders, 8th grade girls' basketball team, and boy basketball players participating in the assembly today to report to the gym at 1:20.

Congratulations to our TOP award winners for the month. Mrs. Lambries, Ms. Amber Bowen, and Ms. Weiersmueller.

Mrs. Lambries is incredible to work with. Extremely organized. Not afraid to take on a new challenge. She always has the kids best interests in mind.

Ms. Bowen goes above and beyond for her job and she does it with grace. I do not see her get frazzled as we panic in the cafeteria. She has shown general concern for those eating late and kept a close eye on all the kids! She is always friendly and willing to help.

Ms. Weiersmueller has really been doing a phenomenal job with organizing speakers for red ribbon week, helping making decorations for Veteran's day, and organizing ideas for the Siteman Cancer fundraiser. She always goes above and beyond in her work to help make BV a fun place for students to learn and teachers to work. When outside of school, she helps to come up with new ways to help promote school spirit and brighten people's days. If anyone ever needs help with anything, she is always one to volunteer her services.
