U.S.S.C. is designed to teach your child the fundamentals of sports. At this clinic we will teach your child the fundamentals of dribbling, shooting techniques, passing the ball, defensive drills, conditioning, and more. Our trainers currently play or have played at the Collegiate Level and are here to pass their knowledge on to your child. We take great pride in personal attention and hands on teaching. In addition to basketball skills, players gain important life skills such as responsibility, respect to others, team work and sportsmanship.

U.S.S.C has been created to provide top notch training at an economic price. We give you twice the time at a fraction of the price. Make sure you register as space is limited and will fill up fast. U.S.S.C. is a safety-first clinic and we will always put the safety of your child above all. We ask that parents please be punctual in dropping off and picking up your child, so that we can give our full focus to the next incoming class.
