

Belle Valley Families,

This is a reminder that several Belleville civic organizations have partnered together to provide sack lunches for Belle Valley students this summer. This service is entirely free! All you have to do is show up at the pick-up location to receive the lunch.

The service began on June 1 and concludes on Friday, August 13. Lunches are available Monday through Friday. I will list the pick-up locations below. We hope you take advantage of this service and are thankful for the Belleville organizations that are working to support our community and children!
